

SANTA CLARA VALLEY MODEL T FORD CLUB  
presents their  
**41st ANNUAL ENDURANCE RUN  
AND LOWLAND TOUR**

**JUNE 12-13, 2010  
SAN JOSE, CA**

This is it, our Endurance Run is the Grand-daddy of Them All. It starts in downtown San Jose at 2nd and Santa Clara, where the Lowland Tour gathers at 7 o'clock on Sunday Morning to make a setting and atmosphere right out of the history books with all their antique automobiles and period clothing. The spectacle heightens when the speedsters are led in by a vintage firetruck, siren blaring. After the starting grid has been introduced by the announcer, the flag is presented and the National Anthem hushes the crowd. It is now time for "Gentlemen, Start Your Engines" and the noise becomes deafening as the engines start and the crowd roars. When the green flag drops, the speedsters depart in a cloud of smoke and noise to pursue a route that will test man and machine. Shortly thereafter, the Lowland Tour departs on a gentler route. The Endurance Run and the Lowland Tour will meet up again at the lunch stop. This year, Tiffany Ford in Hollister is hosting the lunch stop from 11 to 1 pm. After lunch, the speedsters and the lowland cars take their separate routes back to the finish line at the Bertolotti Garage in Santa Clara, (corner of Laurelwood Rd and Woodward Ave. in Santa Clara) where the speedsters are cheered in at the checkered flag finish line for a drive well done. Participants are thirsty, sweaty, dirty and ready to tell their stories. Award ceremonies will begin around 3 pm. Don't miss it, come and join us for all or part of the fun.

**Saturday June 12, 2010**
